

## **Policy on Setting of Limits for Trading Terminals**

In terms of the requirements of the Stock Exchange, the following is our policy while setting up of trading limits on the exchange terminals.

The following parameters are followed while setting up of limits on the terminals:

- Quantity Limit for each order
- Value limit for each order
- Value limit for each user ID
- Quantity limit for each user ID
- Market Price Protection Percentage.

The above mentioned criteria is determined by the Partner of the firm on case to case basis periodically after taking into consideration past pattern and history of the user of the trading terminal.
